

Technical Specification

Item Name-Flexible circuit, double side, 35 μ , 300 x 600 mm

Quantity: 5 Nos.

Specifications

1. Polyimide film with copper foil on both sides (35 micron), bonded together with aC-staged modified acrylic adhesive,
2. Dielectric constant : 4.7
3. Loss tangent \leq 0.02
4. Dimensional stability \leq 0.1%
5. Peel strength \geq (1.8 Kg / cm)
6. Dimension \geq 300 x 600 mm

Acceptance Criteria: Certificate of conformability or proof of purchase from OEM / authorized reseller has to be submitted at the time of delivery.
